**CONN. MILLS TOO MUCH FOR MANHASSETTS BALL TOSSERS**  
(Special to The Bulletin.)

Pittsford, June 28.—Manhasset went into the game Saturday afternoon against the Connecticut Mills with a record of seven straight wins, and no defeat this season, so there was nothing for the Connecticut Mills to do but smash that record and carry off the day's bacon. This they did to the tune of 4 to 2 in a series of a game, crammed full of excitement all the way.

The Danielson team started to score right off the bat, getting two in the first when with Roddy on first base, Ed Nelson, went across the plate when Anger rapped out a safe one. Carey came in when Lallie rapped for two bases and scored when Lallie made his second out.

The home club tied the score in the fourth. Passmore hit two men in succession, the first one, Sullivan, scoring when Carey got a single. Nelson, who went across the plate when Anger rapped out a safe one. Carey came in when Lallie rapped for two bases and scored when Lallie made his second out.

From the fourth to the eighth the score was tied, but in the latter inning the Connecticut Mills came through with the winning run.

Conliffe went safe on Daniel's error, the runner being replaced by Blanchette, his ankle being sore. Blanchette proceeded to steal second and scored when Anger muffed a high one off the bat of Adams.

Ed Blanchette was the big hitter of the day, getting a brace of them, one of which was his first inning wallop for a home run. Roddy and Lallie were the only other Danielson men who succeeded in making clean hits. Asa Passmore hurried for the visitors and he did good work. He was found for seven hits, named once, struck out 15 and hit with pitched balls, Sullivan, Nelson and Lallie.

"Con" Conliffe took the rubber for the home club.

He was a character and judged from that point of view the breaks of the game should have been with him. But his team mates proved unwisely making five errors, thus discounting a good example of his skill work.

Manhasset defeated Greenfield Passmore A. C. at Aisle park, Saturday, by a score of 13 to 3. Long John Keenan, of the Norwich Free Academy, writing for the Passmore A. C., was touched for 17 clean hits, three of which were extra base hits. Passmore, for Manhasset, allowed three hits and was credited with 13 strikeouts.

Manhasset will be seen in action against the Versailles Athletics next Saturday, and is good game is expected, as the manager of the Versailles team has strengthened his lineup. Any fast semi-pro team wanting games were their home grounds, Sunday, write to Manager MacDonald, Box 157, Hartford, Conn.

**To the Battle Rivals.**  
Manager Carey of the Duxes would like to know why they cancelled the game to be played in Battle Sunday, July 4, and furthermore he will not accept the cancellation for the Duxes are out to break the Duxes' winning streak. If the Battle Rivals fail to play the Duxes, naturally the game will be forfeited to the Duxes.

**Riverside 3, Duxes 0.**  
The Riverside team of Moosup added another scalp to their collection, Sunday, when they defeated the Duxes of Norwich, in one of the fastest games they have played. Both teams doing good work. Not a man crossed the plate till the last of the eighth inning, the final score being 3 to 0.

WHEN YOU WANT to put your business before the public, there is no medium better than the Bulletin.

**SHAMROCK GIVEN SHORT SPIN**

Sandy Hook, N. J., June 28.—The Shamrock IV, which will meet the Resolute for the America's cup off Sandy Hook next month, was given a short spin today with her full crew of 40 aboard.

It was decided not to match her against the 23 metre Shamrock but to take some of the crew from the trial horse and place them aboard the challenger, in order to determine how the great green sloop would handle with her full complement. Rain, however, which set in soon after the craft began her workout, brought the trip to an abrupt end.

Yachting experts who watched Sir Thomas Lipton's sloop today, announced that her sails were setting better. They declared, however, that they were not yet entirely satisfied with them.

It was made known tonight that both challenger and defender would be sent to South Brooklyn Ship Yards, July 3 for measurement. After that time they will be under direct supervision of the race committee.

**REDS AND CARDINALS ARE RUNNING CLOSE RACE FOR LEAD**

New York, June 27.—A virtual tie for the National leadership between Cincinnati and St. Louis was brought about today when the Cardinals scored another victory over the Reds. The American League race is almost equally as close, only a half game separating Cleveland in first place from New York.

The Boston and New York Nationals and the Chicago and Washington Americans are going at a winning pace. The White Sox received their first setback today in seven starts, while the Senators increased their record to seven consecutive victories.

In the National league, Cincinnati is in the midst of a batting slump and the pitching staffs of Brooklyn and Chicago are faltering. Pittsburgh and Philadelphia are showing occasional flashes of winning form.

Neither of the two American league leaders, Cleveland and New York, appears capable of overcoming a winning spurt. The two teams are just ambuling along and only hold first and second place, respectively, by virtue of good work early in the month.

Philadelphia today lost its eighteenth consecutive game, two less than the American League record.

**BROKE FRENCH RECORD FOR 3,000 METRE RUN**

Paris, June 28.—Marcel Guillemot, the French champion, broke the world record for the 3,000 metre run (approximately 3,280 yards) yesterday, finishing in 8 minutes 49.2 seconds with such ease that the sporting writers predicted today that he would soon beat the world's record.

Guillemot's performance was the feature of a meet staged at Javelle training school at which, all Greek games were presented.

**WIN THEIR FIRST MATCHES IN TENNIS TOURNAMENT**

Haverford, Pa., June 28.—Wallace Bates, of the University of California, and Kenneth Hawkes, acting captain of the Yale team, Leon De Turenne, leader of the Harvard team.

**MEADOWS BATTED OUT OF BOX FOR FIRST TIME THIS SEASON**

Philadelphia, Pa., June 28.—Meadows was batted out of the box today for the first time this year and ineffective pitching by Weinert and Betts gave

**FINANCIAL AND COMMERCIAL**

**MARKET UNUSUALLY BULL**

New York, June 28.—The same factors and considerations which have governed the apathetic course of the securities market throughout the month were operative again today in more active form. A new record for dullness was set at the end of the session, dealings amounting to the insignificant total of 240,000 shares.

Events over the week end were mostly of a character to elicit bullish sentiment, even if the technical position of the market had warranted constructive efforts. Returns of the federal reserve bank, not expected, indicated the process of deflation had made little headway and industrial developments were far from encouraging.

Regardless of general expectations, however, monetary conditions continued to relax. Call money eased from its opening rate of 3 per cent. to 1 per cent. before the close and a fair amount of time funds was offered at 1 1/4 per cent. but there was little demand for merchants' paper.

Reports from the middle west showed a gain in volume of business during the month now expiring, but this increase evidently resulted in large measure from lower commodity prices. New England advices told of probable advance in the usual summer shut down in the woolen trade, with consequent curtailment of cotton production.

Steel, equipments, oils and chemicals led today's irregular reaction, motors, metals, tobacco and shipping being least severely affected. Intermediate selling of a fairly good to the general reversal of only a few miscellaneous specialties holding their ground.
